## STEM OPTIONS

### With Stem

Pods supplied with the stalk intact, as harvested and dried.

### Stem Cut

Stalk trimmed short, with the cap left on the pod.

### Stemless

Stalk and cap removed for direct grinding or processing.

## QUALITY GRADES

### Deluxe

Higher colour value (90 – 110 ASTA) for buyers who need deep natural colour in powders, sauces and chilli oil.

### Medium Best

Colour value of 60 – 80 ASTA with the same heat level, for value-focused trading and processing.
